OVER 20 YEARS OF EXPERIENCE

ANDREW WARREN—PRODUCT SPECIALIST/CEO

Product Specialist/CEO Andrew has over 25 years of experience in the distribution industry. Prior to running 5S Signs full-time, Andrew was part of the management team at Amazon's West Coast fulfillment center from 1999 to 2006. Andrew has started and ran two additional successful companies which he subsequently sold. Andrew then worked at Zulily.com from early 2012 to 2016. He played a key role as part of the startup team, ultimately leading to the role of Project Manager for the launch of their new facility in 2015. Andrew also does consulting work for RC5 Advisors and has assisted with the launch of several fulfillment centers across the country. Andrew took his expertise and knowledge and decided to start 5S Signs to directly help distribution centers nationwide.

MIKE WARREN—SENIOR OPERATIONS MANAGER

Mike has eight years of Operational experience thanks to his role as the Merchandising Execution Team Manager at Home Depot. His responsibilities included leading the team to provide outstanding service and uphold corporate expectations regarding the store environment and operational processes. Mike also had direct control over staffing, training and developing direct reports on goals, service and quality of work assigned daily; with his extensive management experience, we were overjoyed to have him, and his expertise, join the 5S Signs Team.

JANEY GURR—BUSINESS OFFICE MANAGER

Janey Gurr has had over 15 years of Customer Service and Clerical experience including various management positions and responsibilities. She has prior knowledge of print and print equipment as a printer operator at a local print shop. Her latest job experience allowed her to achieve the role of a Paralegal within the Business Law Field at Kyler, Kohler, Ostermiller, & Sorensen, LLP. Combined with her bachelor's in business management and work experience we have welcomed her onto the 5S Signs team as our Bookkeeper, Business Manager, Payroll and HR Representative.

WE ARE FOCUSED ON PROVIDING HIGH QUALITY SAFETY AND CUSTOM SIGNAGE PRODUCTS TO STORES, WAREHOUSES, AND DISTRIBUTION CENTERS.
